

It's About Time To Have the Smile You've Always Dreamed Of

Cosmetic:

Invisalign **Invisible braces**
Porcelain Veneers & Crowns
Whiter, Brighter Smile with **Zoom Advanced Power**
Replace ugly old, black silver fillings
with **White Natural Restorations**

Confidence:

Dr Hood has many patients that travel hundreds and in some cases, thousands of miles to see him for their Dental care.

Comfort:

Because your comfort is one of our up most concerns, we offer soothing nitrous oxide or laughing gas to help make your time with us a more pleasant experience.

Technology:

Laser cavity detector. "The laser cavity Detector finds up to 100% of the most common cavity while the majority of the dentists, still using the pick or explorer, are currently missing 76% of this form of cavity according to recent research." **Air abrasion.** This technology allows us to be minimally invasive when treating the cavities detected by the Laser Cavity Detector and in many cases the fillings can be done **without a shot.** **Digital Wireless Intra-Oral Camera** allows you to "see what the dentist sees" in your mouth!

Experience:

Dr Hood was one of the first Dentists in the United States to place bonded porcelain veneers and did his **first Smile Make Over in 1986**. In the ensuing years he has performed 10's of thousands of cosmetic procedures. Dr Hood was one of the original dentists in the nation to offer the Zoom whitening system and is now one of the first to be trained and qualified to offer the new third generation Zoom, Zoom Advanced Power.

Time:

For 98% of our scheduled appointments, we **see our patients** early or **on time**.

**A Healthy Beautiful Smile.....It Happens in a Flash, but The Memory
Will Last Forever.**
